GOLF ACADEMY
BY OLAZABAL
MALDIVES

Practise in Paradise

Designed by Jose Maria Olazabal, renowned for his short game prowess, Velaa Golf Academy is a golfing experience like no other, designed to create bespoke memories whatever your wishes.

With nine different tees, six greens, seven bunkers, and a lake in the wonderful turquoise hues the Maldives is famous for, Velaa Golf Academy by Olazabal provides an unequalled backdrop to develop your game on this unique private island.

Velaa Golf Academy prides itself on tailoring golf lessons to the individual, focusing on the areas required for improvement. Velaa Island resident professionals are fully PGA qualified and are highly experienced in teaching all levels of golfers.

The indoor teaching studio allows you to practice or take instruction whatever the weather. With its retractable doors you are able to enjoy hitting from an air conditioned studio whilst still playing to the greens outside.

"The Maldives. A vacation paradise, but space for golf? Of course...but forget 7,500 yards and 5 hour rounds and think entertainment and fun, think game improvement, think family time having fun enjoying excellent facilities tailored to what you want to do.

A putting competition with my kids.... Hone my short game in the sun..... learn some new skills.... Beat my wife over a pitch and putt course. All are possible. Velaa Private Island gave us part of their treasured island for a very special golf academy. It has been our goal to create an experience that guests will find hard to leave. The essence is to create the experience you want.

Rip a driver? Try our state of the art simulator. Introduce the family to the game...try our putting green and tailored made tuition programmes. Perfect the lob wedge....get one on one tuition with all the latest technology to give feedback the way you want it.

Nine different tees, six greens, seven bunkers, and a lake in the wonderful turquoise colour the Maldives are so famous for provide me the template the envy of any painter to conceive and develop your unique private experience.

Serious golfer? Putting, chipping, and pitching. The wedges. Trouble shots, bunkers, water, rough. Iron play from short to mid and long irons. Additionally, you will find a swing studio equipped with the latest gadgets.

I invite you to experience it for yourself and I hope you will find it to be a precious little gem."

FLIGHTSCOPE

FlightScope is the world's first ever 3D tracking radar for providing genuinely useful feedback to help enhance your golf game. FlightScope provides insight into club head speed, club path, vertical and horizontal swing plane, carry distance, total distance, shot height, flight time, ball spin and more

V1 TEACHING SYSTEM

V1 Pro is the No. 1 video swing analysis system in golf. From local golf pros to top PGA instructors, thousands of golfers' swings are analyzed and improved each year using V1 Pro. Have your swing videoed, analyzed and sent to your smartphone at the press of a button.

SAM PUTT LAB

The newest piece of technology which is sure to help all golfers with their putting woes is the SAM PuttLab. SAM PuttLab uses Ultra Sound to measure 28 parameters of your putting stroke and rate the efficiency. We are able to detect weakness and also strengths in your putting stroke within only 10 putts. Once we have this information we can proceed with the lesson and work on improving your putting. PuttLab can then be used to track your progress.
